

Dorchester Camera Club Roll of Honour

Introduction

This document records the winners and recipients of the club's trophies. Some are inscribed with names and these trophies provide a tangible link to the club's history and the successes of current and past members. Thank you to Penny Piddock for completing the mammoth task of transcribing the dates and names recorded on the trophies.

Some trophies have been assigned to different competitions over the years and this was necessary to reflect changes in the photographic medium, processing, competition format and club membership. Currently awarded trophies are listed first.

Note that there are gaps and discrepancies in the years and names recorded on the trophies and some historical notes are incomplete.

Notes (changes to competition formats, subjects etc) - TBC

ⁱ W.C.L.(Len) Parsons who donated the trophy was chairman 1948. He was a very respected Dorchester business-man who owned several gents barbers shops and tobacconists in the town and may well have had other interests as well. He was a founder member of the Club and used to produce the most superb 16 x 12 prints for the competitions.
